

# WHO CUT The CHEESE?

4+ / 2 - 4 players

## Slice the Cheese But Don't CUT IT!

### Contents:

- 1 Electronic Cheese
- 1 Game Board
- 4 Token Bases
- 4 Player Tokens
- 6 Pretend Cheese Knives

### Before you begin:

Open the battery box door on the bottom of the cheese with a small screwdriver and insert two “AAA” batteries as shown (Fig. 1). Close the battery box door and retighten the screw. Slide the On/Off switch to the ON position (Fig. 2) and you will hear a slide whistle sound indicating the game is ready to play.

### Playing the game:

To select which player goes first, each player in turn inserts one knife until a “Cut the Cheese” sound is heard. The first player who “Cut the Cheese” will start the game. Place all the tokens in the START area (Fig. 3). Each player announces how many knives they want to slice into the cheese. One at a time, insert all of your selected knives into any slot in the cheese. If you DO NOT hear the “Cheese” sound, you can move your playing piece down the board. Move the same number of spaces as the number of knives you sliced into the cheese. If you hear a “Cut the Cheese” sound, you must go back to Start.

### Winning the game:

The first player to reach the FINISH 3 times wins.
